

QUALITY POLICY

It is the policy of the Muir Engineering Group Pty Ltd, Australia, to operate its business in a manner that consistently meets or exceeds the quality standards set by our customers. Muir is committed to continuously improving the quality of the products and services provided in the production and supply of marine anchoring systems and accessories. This achievement will result in securing efficiency, a strong customer satisfaction, focus on all interested parties and enhancement of long-term sustainability and profitability within the Organisation.

The Management team will show leadership and commitment, and bear the responsibility for establishing, implementing, integrating, and maintaining the Quality Management System. We undertake to ensure sufficient resources are made available within the Organisation to achieve this. We undertake to ensure through communication, engagement, practical example and training that Quality is the aim of all members of the Organisation.

Through direction and support, each employee will have a proper understanding of the importance of the Quality System function, their responsibility to contribute to its effectiveness, and its direct relevance to the success of the Organisation. Equally, every employee is responsible for, and will be trained to perform the duties required by his or her specific role.

The Organisation has a Policy of promoting continual improvement and setting of Quality Objectives in line with the framework laid down within ISO 9001:2015 Standard. These objectives will address the risks and opportunities within the Organisation as determined by the Management team.

We hereby certify that the Quality Manual, Policies, and the Standard Operating Procedures accurately describes the Quality System in use within the Organisation to meet the requirements of ISO 9001:2015.

The Quality System will be monitored, measured, evaluated and enhanced regularly under the Management team's ultimate responsibility, with regular reporting and communication of the status and effectiveness at all levels.

By achieving our goals, the company aims to maintain its position as the leader in our field.
